# Stable Policy & Philosophy

**MYRDDIN is a successful, high-quality operation. In order to maintain the excellent facilities provided at this riding establishment we require a PROMISE OF COMMITMENT from all those who use and/or enjoy this facility.**

**It is only with the help of VOLUNTEERS (boarders, students, staff and families) that Myrddin can maintain the high standards which we all enjoy. This important commitment also means that fees can be kept as low as possible.**

**The management staff take great pride in our operation especially in the fact that it is run with the help of so many dedicated volunteers. In a sense, Myrddin is a riding club who's membership dues include some of your time, co-operation, and consideration. This distinguishes us from other facilities and provides everyone with an opportunity to achieve their full potential.**

**With team work and a lot of dedication, Myrddin will remain one of the best equestrian facilities in Southern Ontario!**
